Dear Parents and Guardians

EDUCATION WEEK:
Thank you to all the parents, family members and friends who attended our Open Morning yesterday. It was extremely pleasing to see so many community members visiting classrooms and sharing morning tea with staff. At Westbreen we value the support of our parents and family members who contribute to helping us make our school the very best learning environment for our students. I was extremely impressed with all the students.

SCHOOL REVIEW:
The School Review is a key component of the School Accountability, and is designed to provide an expert, independent analysis of current school performance and practice, and to advise on the goals for student outcomes and appropriate key improvement strategies that will help shape the school's new strategic plan.

Schools undertake different types of reviews to reflect their particular needs. This year at Westbreen we will be undertaking a Peer Review.

Peer Review – involves leaders from Victorian school communities working together to assess an individual school’s performance and co-developing a set of recommendations for improvement. The scope of peer reviews will be sufficiently flexible to match the learning needs and priorities of each school.

To ensure a high quality standard across the system, all peer reviews will be conducted by a panel of at least two peers (Graeme Lane – previous Principal for 30 years & Kate Saunders Regional Staff member) and will be facilitated by an externally accredited reviewer (Peter Gannon from National Curriculum Services.). School Councils have responsibility of school accountability and are expected to play an active role in the review. Our Review day is scheduled for August 11.
The School Self Evaluation process will involve analysing all available data for the last four years (Strategic Plan 2010-2013). The process will look at what we have achieved in the areas of Achievement, Engagement, Wellbeing and Productivity.

School Review follows directly on from School Self Evaluation and will provide advice on improvement strategies that will help shape the school’s strategic plan for the next four years.

This process will provide an opportunity for the whole school community, including students, parents and all staff to reflect on our current achievements and also contribute to forming a vision for the future. (School Strategic Plan – 2015 - 2018)

Have a wonderful week
