Dear Parents & Guardians,

2014 SWIMMING PROGRAM:
On Monday 8th September students commenced their swimming lessons. To date the students have represented our school extremely well. From my observations as well as talking to the students, they all seem to be enjoying their lessons and gaining appropriate swimming skills aimed at improving their individual swimming ability. A reminder that the last swimming lesson is on Thursday 18 September. To assist in the changing processes please ensure that all students clothing is clearly labelled with their name, and that students are equipped with appropriate bag/s to store their wet clothing in.

STUDENTS ARRIVING AT SCHOOL PRIOR TO 8.45AM:
With the arrival of Spring and warmer weather, a number of children are arriving at school well before 8.45am. I would like to remind families that Staff are not on duty until 8.45am. As a result students at school prior to that are to be accompanied by an adult.

A child unsupervised increases the chance of them being injured, or a delayed assistance with any issues, concerns or questions they may have. We take the safety of all our children very serious and ask for your co-operation and support on this matter.

2015 PREP ENROLMENT:
If you are currently a member of the school community and have a child ready to commence school next year please call into the office to book a Prep Enrolment tour time. Also, if you know of any neighbours or other families in the area who may be intending to enrol a child at Westbreen Primary in 2014 could you please advise them that enrolments are now being taken.

SCHOOL PLANNING / ENROLMENTS 2015
I know it is VERY EARLY but nevertheless planning for 2015 is now well underway. It is essential that the school is notified of any student in Prep to Grade 5 who is not intending to return to Westbreen Primary School in 2015.
If your son or daughter will NOT be returning to our school next year please complete the below notice and return to the school office as soon as possible.

Have a wonderful week

Extend OSHC at Westbreen Primary School

Weekly recap
This week at After School Care we had heaps of jam packed fun! The kids got to create cool balloons for them to decorate and take home. We decided to make some more yummy Jelly with the kids since they absolutely loved making and eating it, and the weather was luckily nice to enjoy them in. “Raspberry” flavour was the win this time! The kids and I are making our own After School Care Scrap Book and working on it slowly each week, which is pretty fun and good for the children to be involved in as well as getting their ideas. Afternoon snacks are provided as usual and I always like to encourage the children to try and eat the healthy snacks. It’s great to see almost everyone eating the healthy fruits and sandwiches provided. Keep it up kids!
Don’t forget to bring your warm jackets for the colder days.
Looking forward to seeing you all next week and continuing the fun! – Aysun

From September, 5 things to remember

Slip! Slop! Slap! Seek! Slide!

From September, Victoria’s UV levels are on the rise, so it’s time to dust off the sun protection gear and Slip, Slop, Slap, Seek, Slide whenever you are outside. Check the SunSmart UV Alert for daily sun protection times – you can find it on the free SunSmart app, online (sunsmart.com.au), in the weather section of newspapers, or as a free website widget. If you can’t check the UV Alert each day, make sure you use sun protection every day from September to the end of April in Victoria. Don’t just wait for hot, sunny days.

Remember these 5 SunSmart steps during the sun protection times, even if it’s cool or cloudy

1. **Slip on covering clothing.** If you can see skin, UV can reach it. Is your child’s skin covered with cool clothing today?

2. **Slop on SPF 30 or higher broad spectrum sunscreen.** Apply sunscreen before going outdoors and reapply every two hours. One application is not enough. Has your child had sunscreen applied and reapplied today?

3. **Slap on a sun protective hat.** The best hat shades the head, face, eyes, ears and neck. Does your child’s hat protect all of these areas?

4. **Seek shade.** Shady spaces help block some of the sun’s UV but not all so you still need to wear hats, clothing and sunscreen even in the shade. Does your child have shady places to play?

5. **Slide on sunglasses labelled AS 1067.** If practical, help protect your child’s eyes with sunglasses. Are your child’s eyes safe in the sun?

A note about vitamin D

The sun’s UV is the best natural source of vitamin D.

From September to April in Victoria, most people need just a few minutes of sun exposure mid-morning or mid-afternoon on most days of the week to help with vitamin D. Even with sunscreen you can still get some vitamin D. Sun safe outdoor play throughout the day should not put your child at risk of low vitamin D.

Children with naturally very dark skin need even more sun exposure to help with vitamin D and don’t usually don’t need to apply sunscreen. However ALL children should still use the other SunSmart steps during sun protection times.
